Porsche Cars North  
America

**Manufacturer Voluntary Service Action issued**

- Program #WLA4 RETROFITTING HEAT SHIELD

Click here or call 1-800-PORSCHE to locate an authorized Porsche dealer near you.

➔ **Learn more about this campaign**

**Description:** In the past, there have been isolated incidences of damage caused by fire occurring in the engine compartment. Analysis of this damage has identified foreign objects or materials (e.g. cleaning cloths) found in the engine compartment as the cause of these incidents. Foreign objects or materials of this kind can touch hot exhaust system components while driving, causing them to ignite. To prevent such incidents in the future, an additional heat shield will be installed in the relevant vehicles. This may help to prevent any foreign objects or materials from coming into contact with exhaust-carrying or hot components in the engine compartment.

Porsche Cars North  
America

**Manufacturer Voluntary Service Action issued**

- Program #WLC8 REPLACING TANK LEAK DIAGNOSIS MODULE

Click here or call 1-800-PORSCHE to locate an authorized Porsche dealer near you.

➔ **Learn more about this campaign**

**Description:** Under certain regional environmental conditions, e.g. dust and humidity, there is a possibility that particles of dirt can get into the tank leakage diagnosis module.

This can cause an over-sensitive tank leakage diagnosis and the Check Engine light may be activated.

**Remedy:** To prevent this, the tank leakage diagnosis module and the air filter for the carbon canister must be replaced.

## Glossary

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

### New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### Service Campaign

Automobile manufacturers issue a service campaign to address product technical issues that may not be related to safety or emissions standards. These issues are typically customer satisfaction initiatives.

### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
